			Cubic yards & Density (lbs/ft^3)		Tons & Moisture (%)		Yesterday	Today	Tomorrow

Weather conditions: S=sunny; O=overcast; C=cloudy; LR=light rain; R=steady rain; HR=heavy rain; W=windy.

Requirements for Existing Milk Cow Dairies (Central Valley Regional Water Quality Control Board Order R5-2007-0035). Effort has been made to ensure accuracy, but these summaries are not official regulatory guidance and are not legal advice. Producers are advised that these summaries are not intended to be a substitute for producers reading the complete order and consulting their own legal counsel to ensure compliance with the waste discharge requirements. Should any information here conflict with the General Order and/or official information provided by the Regional Board, Board-provided information takes precedence.

NOTE: This record must be maintained on-site for a period of five years after it is created.
